

LARGE END EXTENSION DINING TABLE

Stock number: 26X0-3

Thank you for purchasing this product. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Pre-assembly preparation

Please ensure instructions are read in full before attempting to assemble this product.

Necessary Tools : Pozi screwdriver and Phillips screwdriver

(Included)

Pz 2 or Pz 3

Ph 2

Please check the pack contents before attempting to assemble this product. A full checklist of components is given in this leaflet. If any components are missing, please contact the retailer from whom you bought this product.

This product takes approximately **45 MINUTES** to assemble with **2 PEOPLE**.

All assembly should be performed on a flat, stable, clean and soft surface.

This product is **HEAVY**, it should be assembled as near as possible to the point of use. **TAKE CARE WHEN LIFTING** to avoid personal injury and (or) damage to the product

The fitting pack contains **SMALL ITEMS** which should be **KEPT AWAY FROM YOUNG CHILDREN**.

IMPORTANT: Retain these instructions for future reference.

Fittings and parts checklist

Item	Description	Qty.	Item	Description	Qty.
1	Table top	x 1	6	Leg	x 1
2	Leaf	x 1	7	Apron	x 1
3	Leg	x 1	8	Apron	x 1
4	Leg	x 1	9	Corovin storage bag	x 1
5	Leg	x 1			
A	Round head screw Ø4x15mm	x 4	F	Long steel dowel Ø7x72.5mm	x 10
B	Wood dowel Ø10x40mm	x 10	G	Grub screw M8x8mm	x 10
C	Grub screw M10x10mm	x 6	H	Allen key M4x30x110mm	x 1
D	Short steel dowel Ø10x48.5mm	x 6	K	Housing Ø15x13.5 mm	x 10
E	Allen key M5x30x110mm	x 1			

Step By Step Assembly Instructions

- Step 1**
- 1.1 : Lay all parts on a flat, stable, clean and soft surface.
 - 1.2 : Insert 2x wood dowels (B) into the pre-drilled holes on table top (1) as shown.
 - 1.3 : Insert 8x wood dowels (B) into both ends of aprons (7) & (8) as shown.

Fitting

B x 10

Step 1.2

Step 1.3

Step By Step Assembly Instructions

Step 2 2.1 : Attach 4x short steel dowels (D) into legs (3), (4) by screwing fittings (D) into the inset fittings that are located on legs (3), (4) as shown. Ensure the direction of the holes on fittings (D) are facing correctly as per diagram.

Fitting

D x 4

F x 4

2.2 : Attach 4x long steel dowels (F) into legs (3), (4) by screwing fittings (F) into the inset fittings that are located on legs (3), (4) as shown. Use a pozi screwdriver to turn fittings (F) clockwise to fix.

Step By Step Assembly Instructions

Step 2 Continue

2.3 : Attach 2x short steel dowels (D) into legs (5), (6) by screwing fittings (D) into the inset fittings that are located on legs (5), (6) as shown. Ensure the direction of the holes on fittings (D) are facing correctly as per diagram.

Fitting

D x 2

2.4 : Attach 6x long steel dowels (F) into legs (5), (6) by screwing fittings (F) into the inset fittings that are located on legs (5), (6) as shown. Use a pozi screwdriver to turn fittings (F) clockwise to fix.

F x 6

Step 2.3 & 2.4

Step 2.3 & 2.4

Step By Step Assembly Instructions

Step 3

3.1 : Attach 4x housings (K) into apron (7), (8) as shown.

3.2: Attach legs (3), (4) onto ends of end apron (8), legs (5), (6) onto ends of end apron (7) as shown. Ensure short steel dowels (D), (F) and wood dowels (B) are aligned correctly with the holes of mating parts before attaching.

3.3: Secure legs (3), (4) to apron (8), legs (5), (6) to apron (7) using 4x grub screws (C) & 4x grub screws (G) as shown. Use allen key (E) to turn fittings (C) and use a allen key (H) to turn fittings (G) clockwise to fix.

Fitting

C x 4

E x 1

G x 4

H x 1

K x 4

Step 3.1

Step 3.2

Page : 6

Step By Step Assembly Instructions

Step 4 Attach 6x housings (K) into the pre-drilled holes table top (1) as shown.

Fitting

K x 6

Step By Step Assembly Instructions

- Step 5** 5.1: Attach the previously assembled leg frames onto table top (1) as shown. Ensure short steel dowels (D), long steel dowels (F) and wood dowels (B) are aligned correctly with the holes of mating parts before attaching.
- 5.2: Secure both leg frames to table top (1) using 2x grub screws (C) & 6x grub screws (G) as shown. Use allen key (E) to turn fittings (C) and a allen key (H) to turn fittings (G) clockwise to fix.

Fitting

C x 2

G x 6

E x 1

H x 1

Step By Step Assembly Instructions

Step 6 6.1: Secure end apron (8) to table top (1) using 4x round head screws (A) as shown.
Use a screwdriver to turn fittings (A) clockwise to fix.

6.2: Lock the slides.

Important: Ensure you have already locked the slides before righting the table.

Note: When moving the table, remove leaf, close table top and lock the slides, then move by gripping or lifting the legs or underframe.

Caution: This product is heavy, with help of assistant stand the table upright.

Fitting

A x 4

Step 7 7.1: Place storage bag (9) and leaf (2) onto a flat, stable, clean and soft surface.
7.2: Remove leaf (2) as shown.

Step By Step Assembly Instructions

- Step 8**
- 8.1 : Unlock the slides that were locked in **Step-6**.
 - 8.2 : Extend the table by lifting up the end apron, positioned behind the front rail, then slide the structure all the way out as shown.
 - 8.3 : Place leaf (2) over the side aprons. Ensure the metal pins on leaf (2) are facing toward the front rail as shown.
 - 8.4 : Carefully slide leaf (2) to connect with front rail. Ensure the metal pins on leaf (2) are aligned correctly with the mating holes on front rail as shown.
 - 8.5 : Close the table by lifting up the end apron, positioned behind the front rail, then slide the structure all the way in as shown. Ensure the holes on leaf (2) are aligned correctly with the mating metal pins on main table top as shown.
 - 8.6 : Ensure that you have locked the slides after closing the table as shown.
- Note:** When moving the table, remove leaf, close table top and lock the slides, then move by gripping or lifting the legs or underframe.

Step By Step Assembly Instructions

Step

9 Remove the leaf

9.1 : Unlock the slides that were locked in **Step 8**.

9.2 : Extend the table by lifting up the end apron, positioned behind the front rail, then slide the structure all the way out as shown.

9.3 : Remove leaf (2).

Step

10

Place the leaf (2) into corovin storage bag (9) as shown.

Step By Step Assembly Instructions

- Step 11** 11.1 : Carefully place corovin storage bag (9) onto wood support storage under table top as shown.
- 11.2 : Close the table by lifting up the end apron, positioned behind the front rail, then slide the structure all the way in as shown. Ensure the holes on front rail are aligned correctly with the mating metal pins on main table top as shown.
- 11.3 : Ensure that you have locked the slides after closing the table.

GENERAL CARE FOR FURNITURE

(Please keep these guidelines for future reference)

Furniture containing primarily wood:

Wood displays different grain patterns depending on which way they are cut - for example, the 'medullary ray' which can appear on oak furniture is a mark of good quality timber - these are just characteristics of the natural beauty of the wood. Some furniture is also deliberately aged and rustic. Wood veneers also allow distinctive patterns to be created on some surfaces, such as table tops and drawer fronts by the way slivers are arranged. All timber and veneer surfaces will change colour and mellow over time. New furniture will initially vary in shade from items that have been previously purchased.

1. Do not use abrasive cleaner or harsh detergent as this can damage the surface of the furniture

- Do not use abrasive detergents or powders. Dust with a clean, lint free cloth.
- To remove normal stains or dirt use a mild detergent or non-abrasive cleaner diluted with warm water. (Immediately dry completely with clean soft cloth).
- Frequent dusting will remove abrasive build up, which can damage a finish over time.
- Spray polishes are best avoided as they contain silicones which may spoil the furniture's surface when building up over time.

2. Do not expose your furniture to direct sunlight.

- Excessive exposure to sunlight can cause fading of your furniture.
- Ornaments placed on the furniture surface should be periodically moved to avoid shading.

Extendable table warning:

Extendable dining tables should be left extended for the first few months to avoid an uneven appearance.

3. Never place household heating appliances or hot objects directly on any furniture surface.

- Always place a heat resistant coaster between your furniture and a hot object to protect your furniture.

4. Do not place your furniture near a heater, heat, dampness or moisture generating appliance.

- Extreme temperature and humidity changes can cause cracking and splitting.
- Some movement may be expected depending on environmental conditions.
- If the air is dry, some cracks may appear due to shrinkage.
- Our furniture will endure most temperatures in the home but it is best to avoid placing furniture next to heat sources such as radiators or fires.

5. Do not place rubber, cork, vinyl or plastic materials on the wood finish as chemicals within may react with the finish if left in contact for an extended period of time.

6. Do not expose your furniture to any liquids.

- All liquids should be wiped up immediately with a soft, slightly damp cloth in the direction of the wood grain. If sticky liquid residues do occur, they may be removed with a dilute solution of warm soapy water followed by a clean, damp sponge. The area should then be wiped immediately with a clean, soft white cloth until completely dry.
- Nail polish remover, hairspray, perfume, potpourri & any other products that contains solvents can damage surface; wood & upholstery finishes.

7. Please do not strike, hit or stand on furniture.

- Furniture is designed and built for its intended purpose.
- When writing, use a mat to protect the table or desk surface.

8. When moving furniture, please lift, do not drag. Protect the surface and corners from knocks & scratches.

- Take care when handling. Obtain assistance as necessary.
- Once in place make sure it stands level to ensure smooth opening of the doors and running of the drawers.

Chair warning:

Never lean back and tilt the chair. Ensure the chair is always placed firmly on the ground.

9. Furniture containing metal.

- **NEVER** use an abrasive cleaner or scourer as this will scratch the finish - use a damp cloth with either washing up liquid or soft soap.
- For fingerprints and smears use soap and warm water. Carefully sponge with a solution of mild soap and water. Rinse thoroughly afterwards with warm water. Wipe dry with a clean soft cloth. **Cleaning with chloride-containing detergents must be avoided.**

10. Furniture containing glass.

- Do not use abrasive cleaners to clean glass surface, use a damp cloth with either washing up liquid or soft soap.
- Do not place a heavy object on the glass surface. Do not strike the glass with a sharp object.
- Do not place felt with glue, cork or plastic dots between glass & finished surface since these items can react with a finish.

11. Furniture containing High Pressure Laminate.

- This material is both durable and strong and therefore more resistant to scratches, impact, and abrasion. The surface is resistant to water.

12. Furniture containing upholstery

- The upholstery should not be exposed for long periods to direct sunlight as this may cause fading and deterioration of the cover material.
- Protect from exposure to sources of heat such as radiators or open flames.
- It is recommended to give upholstery a frequent vacuuming or light brushing.
- It is very important to rub very gently to avoid colour change. This proper cleaning will prevent build-up of dust, soil and oils which can be damaging to the cover material.
- In the event of spillage it is imperative to act quickly. Carefully soak up any excess liquid, ideally using the edge of a white paper towel, then dab gently with a fresh towel taking care to avoid soaking in or spreading of the remaining liquid.

13. Any assembly required should follow the sequence of steps in the Assembly Instruction Sheet.

- Please retain assembly instructions and hardware for future reference and use.
- Periodically check all fixings to ensure none have come loose. Re-tighten when necessary.
- Furniture can be dangerous if incorrectly assembled. Assembly should be carried out by a competent person(s). No liability will be accepted from damage or injury caused by incorrectly installed or assembled furniture.

14. If the furniture is dented or scratched at any time during use, this can usually be repaired by a qualified technician: Please contact your retailer.

WITH PROPER CARE, THIS FURNITURE WILL GIVE YOU MANY YEARS OF USE
