1	HEADBOARD		1pc
2	METAL CONNECTOR		2pcs
3	BUN FOOT		2pcs
4	TOP FINIAL		2pcs

## 150CM HEADBOARD

### CARE OF YOUR HEADBOARD

- Use a soft dry duster to clean your plated bedstead
- For stubborn stains, use a soft damp cloth and then revert to the soft dry duster
- PLEASE NOTE : Polishing materials and solvents should not be used, as they dissolve the protecting lacquer and allow oxidation of the genuine base material.
- Using fittings in the incorrect place when assembling the bedstead can cause fittings to become cross threaded. This can then lead to fittings becoming trapped; making disassembly of the product difficult and voiding the warranty. Please take care to ensure all fittings are used only where stipulated.

We cannot accept responsibility for damage caused due to misuse of this product.
